The America that was once filled with workers staying at the same workplace for their whole careers has shifted. For more and more of us, a mid-life career change is a viable and desirable way to refocus and re-energize our lives. The shift has been caused by economic, technological and lifestyle changes of the early 21st century. Maybe you re tired of waiting for the axe to fall as the latest round of downsizing hits your company. Perhaps you are itching to take advantage of the opportunities the internet affords you to start your own web-based business. Or maybe you are simply feeling burned out by your current career and are longing for more fulfillment in your work. Whatever your motivation, you can take back your future. With proper planning, you can re-direct your life and launch a whole new career - one that will give you the fulfillment and challenge you are seeking. It s Time To R.E.P.O. Your Job...
