Health Professions Press,U.S. Paperback. Book Condition: new. BRAND NEW, Sexuality and Long-Term Care: Understanding and Supporting the Needs of Older Adults, Gayle Appel Doll, Responding to the sexual desires of older adults in residential environments is widely recognized as a challenge by care staff, administrators, and family members. This new resource meets the challenge head on, exploring the issues surrounding sexual expression from all perspectives. It addresses the question of how, in an increasingly person-centered care culture, long-term care facilities balance individual resident rights against the needs and concerns of the community as a whole. Who decides what is appropriate or inappropriate, and how? The first book to take a person-centered approach to resident sexuality in long-term care, this groundbreaking training tool represents sexual expression as a significant part of personality, explains why it is important to honor longings for intimacy, and provides strategies for teaching staff how to effectively, respectfully, and compassionately acknowledge those needs. It will enlighten anyone who believes sexuality vanishes with age.
