

Cassandra's Daughter: A History of Psychoanalysis

By Schwartz, Joseph

Penguin Books, 2001. Book Condition: New. Brand New, Unread Copy in Perfect Condition. A+ Customer Service! Summary: Psychoanalysis is arguably the single most important intellectual development of the 20th century. It shares boundaries with literature, psychiatry, and academic psychology, yet it is the only discipline that strives to understand the inner world of human subjective experience. Terms that arose out of Freud's seminal work on the theory of human unconscious motivation, such as neurotic, ego, libido, paranoid, and psyche, are now so commonplace that we use them in everyday conversation. This is the first complete history of psychoanalysis, from its origins in 19th-century medical science to the present day -- that is, from the couch to Prozac. Whether you are pro- or anti-Freud, you will find this a learned, revelatory, original -- and humane -- book.

Reviews

It is in a single of my personal favorite ebook. Better than never, though I am quite late in start reading this one. I am effortlessly will get a satisfaction of reading a published ebook.

-- Ms. Lavada Krajcik

Comprehensive guideline for book lovers. It can be filled with knowledge and wisdom I realized this publication from my dad and I suggested this pdf to find out.
