Createspace, United States, 2014. Paperback. Book Condition: New. 250 x 178 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.This book has been crafted for both the project management novice who is ready to confront their first real project, through to the seasoned veteran with several project battle campaigns under their belt. This book is based on many years of real-world System Development Life Cycle (SDLC) project management, as well as the Project Management Body Of Knowledge (PMBOK(r)), the blending of the useful elements from other management practices principles, and the incorporation of the past experiences the lessons learnt from the various industrial backgrounds of those persons who graciously contributed to this book s creation. Described within is the practical application of field-tested project management techniques to actual situations and prevailing circumstances where the realities of commercial necessities have to be given serious consideration. Additionally, this book does cover some topics and ugly truths that are often not acknowledged in academic textbooks on project management.
