Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from Forest Fires and Their Prevention: Including Forest Fires in North Carolina During 1910 During 1909 the United States forest Service attempted to collect uniform data on the prevalence and destructiveness of forest fires in all the various States. The North Carolina Geological and Economic Survey co-operated with the Forest Service in this work in this State, and got together some very interesting figures. Though admittedly incomplete, these were published by the State Survey in Economic Paper No. 19, Forest Fires in North Carolina During 1909. This publication has been scattered widely through the State, and is still available for distribution. It should be read in connection with the present report in order to best understand the application of the figures and to obtain much information which it was thought best not to repeat. Owing to the failure of many of the States to obtain sufficient reliable information, the general fire study of the Forest Service, which was intended to be annual and permanent, has been discontinued. The North Carolina Geological and Economic Survey then had...
