Brand New Book ***** Print on Demand *****.Excerpt from Baby Incubators: A Clinical Study of the Premature Infant, With Especial Reference to Incubator Institutions Conducted for Show Purposes This little book grew out of a series of articles on my experience with premature infants reared in an institution which was conducted for show purposes at the Louisiana Purchase Exposition. The articles appeared in the St. Louis Courier of Medicine, 1905. While the study is based on institutional work the several questions discussed apply to premature infants anywhere. Whether some of the conclusions reached are perfectly sound only future experience can verify. As to the final outcome of the infants kept in the incubators on the Pike, it need only be said that as far as I could learn only one infant died after leaving the institution. All others are doing well. Mildred, the smallest one of all, is a happy girl. (See frontispiece). Quite a number of errata occur through this book, all of which are so obvious that they need not be pointed out here. I take pleasure in thanking my friend, Dr. E. W. Saunders, for many practical suggestions in regard to the care of premature infants. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
