Brand New Book ***** Print on Demand *****.For many death is one of the most difficult things to talk or think about. It is a subject that is not part of normal conversation and scary to many. This book gives you the opportunity to explore the facts and understand the process of dying. It guides you as to how to make the process smoother and easier. It offers information to make decisions based on knowledge rather than in the throes of emotions. This book empowers you to walk with death and dying knowing that you have value and worth - that you are prepared and everything will fall into place in the most kind and gentle manner as possible. The Golden Room introduces the next level of palliative and hospice care. It requires a shift in attitude so that dying is accepted as a sacred process deserving of compassion, dignity and beautiful surrounding AND available to everyone not just a select few. This is relevant to everyone as we will all die. It empowers readers to prepare for the inevitable and is a conversational opener for family and friends. This book provides basic ideas of what to expect and how to plan right up to the end. It is a guide beyond the medical. This book is about life; death is a part of it.
